SIR

I have the honor to state that the Municipal Council of Kenanur propose to entertain a Sanitary Maistri on Rs -- 15-1-20 per mensem to look to the sanitation of their town and have passed a resolution to that effect at their meeting held on the 20th December 1927 The Amildar President - supports the proposal of the Municipal Council His report No 7/27-28 dated 9th January 1928 and the resolution of the Municipal Council on the subject are forwarded here -with for favour of orders of Government.

2 This is semi-malnad town bordering on Coorg Territory The Sub Division Officer of Helenarsipur Sub Division who inspected the town on the 14th November 1927 reports that the sanitation of the town is very bad and requires immediate attention A copy of his report No Camp 53-27 dated 14th November 1927 is also enclosed for reference

3. At present, the sanctioned strength of the conservancy staff of the Municipality is only 7 sweepers and there is no supervising agency at all, such an agency is to be necessary, not only for sanitation duty but also for the execution of public works undertaken by the Municipality

4 The average annual income and expenditure of the Municipality amount to about Rs 3,000/- and Rs 2,486/- - respectively and the establishment charges come to Rs1356/- at present But the Municipal Council are contemplating to improve their finances by introducing some new items of taxation such as octroi etc., Besides, there is also a - provision of Rs 8/- made in the scale of Establishment of - the Municipality sanctioned by Government in their Order - No L 1713-4/M1 29-24-2 dated 29th August 1924 on account of contribution towards the pay of the Taluk Board Sanitary Inspector for looking after the sanitation work etc , of - the Municipality, and this item of expenditure has been a savings since 1st February 1927, from which date the Taluk Board Sanitary Inspector's post was abolished with the introduction of the new District Board and Village Panchayet Regulations

5 In the above circumstances, the proposal of the - Municipal Council to entertain a sanitary Maistri on Rs -- 15-1-20, which involved an average additional expenditure of only Rs 9/- per mensem may be sanctioned I therefore request you to be so good as to obtain the very early approval of Government to the same

I have the honor to be,

S i r,

Your most obedient servant,

DEPUTY COMMISSIONER,
HASSAN DISTRICT.

---

In the course of my inspections to-day I had to visit Konanur The town has been badly infected with plague for many months past andin spite of a vigorous inoculation campaign the infection still persists The reason is to be found in the utter lack of sanitation in the place Rank vegetation filth and manure are found everywhere There are manure ~~pits~~ heaps in the shandy ground and the sweepings of the town are dumped just above the tank; I am quite sure that the recent rains must have drained the washings of these into the tank from which large numbers take drinking water I was told that notices to remove these manure heaps and sweepings have just been issued to the contractors one of whom I believe is a Municipal Councillor The woeful condition of the place requires the use of the emergency powers of the Deputy Commissioner under the Municipal Regulation. I hear that you are visiting Ramnathpur soon I beg that you will very kindly make it convenient to pay a <u>surprise</u> visit to Konanur and issue orders for the amelioration of the sanitary conditions there
